3. Copy of invoice from roof top solar plant supplier.

4. Copy of inter connection agreement signed with MGVCL for roof top solar plant.

5. Photographs of roof top solar plant installed which reveals that the solar roof top plant is bolted to the factory roof by means of screws and bolts for operational efficiency and safety. Further, the roof top solar plant can be dismantled and sold, if required. In other words, the roof top solar plant is not permanently fastened to the building hence it will not be correct to call it the Roof top solar plant as an immovable property. Further, the roof top solar plant qualifies as plant and machinery that will be used for furtherance of business of supplying taxable goods. The electricity generated will be solely and capitvely consumed for the purpose of supplying taxable goods and the roof top solar plant is not an immovable property, hence, it is not covered under blocked credit as mentioned in 17(5)(d) of the CGST Act, 2017

17. It is therefore, clear that the roof solar plant, affixed on the roof of the building is not embedded to earth. Accordingly it is not an immovable property but a plant and machinery, which is utilized to generate electricity which is further solely and captively used in the manufacture of welding wires. The applicant is engaged in the business of supply of welding wires on payment of

GST at the applicable rates. The applicant has further stated that they have capitalized the roof solar plant in their books of accounts. The Roof Solar Plant, as is evident is **not** permanently fastened to the building. Thus, it qualifies as a plant and machinery and is not an immovable property, hence, it is not covered under blocked credit as mentioned in 17(5)(d) of the CGST Act, 2017. Therefore we hold that the applicant is eligible for input tax on roof solar plant.

18. Our view is further substantiated vide the ruling of the Gujarat Appellate Authority for Advance Ruling No. GUJ/GAAR/APPEAL/2023/05 dated 4.10.2023 in the case of M/s. The Varachha Cooperative Bank Limited, Surat.

RULING

1. The applicant is eligible to avail ITC on roof top solar system with installation & commissioning under the CGST/GGST Act.
2. The roof top solar system with installation and commissioning constitute plant and machinery of the applicant and hence is not blocked ITC under section 17(5) of the CGST/GGST Act.
